To whom it may concern,

My name is Dominic Donegan and I am a legally-blind American voter and taxpayer.

I very strongly support Net Neutrality, and would like to be on record as opposing the plan to dismantle it.

I believe that The Internet is one of the last few even playing fields we have in this world, and carving it up into pieces that will cost the American people even more money is just sad.

I work full-time and it is not easy for me to take the time to leave comments on your site, write representatives, and write letters to you like this, but this issue is very important to so many people I had to at least try.

Please, do the right thing. Protect Net Neutrality (or at least stop your crusade against it).
